The Marches LEP Code of Conduct & Conflicts of Interests Policy

Introduction

- Local Economic Partnerships (LEPs) are partnerships between Local Authorities and private businesses. They are charged by government with setting the economic growth priorities for their areas, providing business-led solutions to meet the UK productivity challenge, through local investment in physical infrastructure, workforce skills & training and business innovation and enterprise (please visit.. gov.uk for further information).
- Local planning authorities should use LEPs as a key source of information and guidance on the economic and business dimension of their plans and policies. LEPs should be treated as formal consultees in the plan and policy-making process, including providing them access to planning expertise.
- Due to the close-knit nature of the LEPs' engagement with local authorities, and the representation of local business on each LEP Board, LEPs are exposed to the potential of conflicting interests to emerge during their work. These conflicts can arise within the operations of the LEP local authorities and privately held businesses.
- The "[National Local Growth Assurance Framework](#)" has been developed to guide local decision making to support accountability, transparency and value for money. It requires that LEPs:
 - have clear arrangements in place to enable effective and meaningful engagement with local partners and the public;
 - operate transparently, giving the public confidence that decisions made are proper, based on evidence and capable of being independently scrutinised; and,
 - have a published conflicts of interest policy, a published register of interests covering any decision makers, which is kept updated, and a published complaints policy.
- This policy is to ensure that any conflicts of interest which may arise in the LEP's business processes are recorded and managed. This is to protect the integrity of the LEP and to give stakeholders confidence in the probity of the LEP's decision-making. Therefore, it helps to protect the reputation of the LEP and of its members.

Applicability

- These arrangements apply to the LEP Board, its staff (where applicable) and committees, groups, and any co-opted members or advisers to the LEP.
- The principles also apply to the LEP's wider business membership or those purporting to speak for the LEP.
- All participants in decision-making fora, including the Board and any of its subsidiary entities, shall be required to abide by the 'Code of Conduct' set out in the LEP Board's Terms of Reference.
- Where other codes of conduct or policy arrangements apply to members in their respective roles outside of the LEP, the LEP's Code and Policy take precedence whilst that member is acting for the LEP.
- Interests in matters relating to the agenda of any meeting shall be declared and noted at the beginning of each meeting.
- All LEP Board members and staff are required to conduct themselves in accordance with The Seven Principles of Public Life listed at Appendix A. These are the basis of the ethical standards expected of public office holders.

Definitions

- Interest - An interest in a matter is where there is a reasonable likelihood of the person (or other parties as defined below) being affected by the decision, either directly, or indirectly. This may include both gain and loss to the person/ parties which would not have happened had the interest not existed.

Interests may be associated with, for example, employment, other appointments (including trusteeships, directorships, elected office), memberships (whether corporate or personal), investments, shareholdings, land and property, intellectual property, customer/client relationships, use of the LEP's services or anything else which could (or could be perceived to) impact on the member's ability to act fairly (independently, impartially, and in the public interest).

- Relevant Parties - The following parties should be considered when assessing the potential effect of a member's declared interest on any decision:
 - the member, the member's family, including spouse or civil partner or any person living in the same household as the member;
 - a firm, business, or other organisation with which the member is connected.
- Pecuniary Interest - An interest through which the member or Relevant Party stands to gain or lose financially.

Non-pecuniary Interest - An interest through which the member or Relevant Party stands to gain or lose in non-financial ways.

- Conflict of Interest - A conflict of interest is a situation in which one cannot make a fair decision on a matter because one may be affected by the result due to competing interests or loyalties. Examples of conflicts of interest are included in Appendix B - Additional Guidance for Board Members.

Policy Statement

- The Marches LEP Board (the Board) recognises the potential for actual or perceived conflicts of interest to arise throughout the conduct of its business.
- The Board will support its members to conduct LEP business effectively, while minimising exposure to disadvantageous outcomes and criticism arising from such potential conflicts.

- The Board shall act impartially and in the public interest throughout the conduct of its business.
- The Board will apply the standards and procedures set out in this document and any related local and national Assurance Framework provisions to address the circumstances in which actual or perceived conflicts of interest might arise.

- Declarations shall be recorded in the minutes of meetings.
- Members may not participate in the discussion or determination of matters in which they have a pecuniary interest.
- For non-pecuniary interests, the member must consider whether participation in the discussion or determination of a matter could cause a bias or be otherwise inappropriate.

Appendix B – Additional Guidance for Board Members

Examples of Potential Conflicts of Interest and Proposed Mitigation

Example 1: A Board Member participates in the commissioning process for the purchase of a service for the LEP but he/she, a spouse or business associate has a financial interest in one of the organisations that is a candidate for funding.

Mitigation 1: The Board Member does not attend meetings where the purchase is under consideration and does not take a role in authorising such a purchase.

Example 2: A Board Member participates in the commissioning process for the purchase of a service for the LEP but he/she, a spouse or close business associate has a non-financial interest in one of the organisations that is a candidate for funding e.g. is a member of the Board of that organisation but receives no remuneration or other financial compensation for that role.

Mitigation 2: The Board Member is excluded from the process, and if it becomes known during the process, the process is restarted without that individual's participation.

Example 3: A Board Member is in a meeting where the views of both the LEP and another organisation with which the Board Member has some association could be given. The views may be different for each organisation.

Mitigation 3: The Board Member should make the LEP aware in advance of such meetings where they think confusion around representation may occur. The LEP can then provide a briefing for the Board Member to follow, if that is appropriate. All Board Members should be clear in meetings in what capacity they are speaking and follow the LEP brief if available.

Example 4: A Board Member is corresponding with a LEP stakeholder where the views of either the LEP or another organisation with which the Board Member has some association could be given and may be different.

Mitigation 4: In all forms of communication where such circumstances arise, the Board Member must be clear who they are representing e.g. if corresponding by letter or e-mail make sure the appropriate letterhead or electronic signature is used and emphasise in the text of the correspondence which organisation's interests are being represented in any Board Member response.

Example 6: A Board Member can determine a policy or strategy for the LEP in such a way that will give another organisation with which they are associated an unfair advantage over its competitors.

Mitigation 6: The Board Member does not have sole responsibility for signing off such matters.

Example 7: A Board Member is also a Board Member of another LEP that is competing for the same funds, or where he/she or his/her spouse or his/her business can exploit an opportunity that the Marches LEP also wishes to exploit.

Mitigation 7: The Board Member does not attend meetings where the funding opportunity is discussed and does not take part in any decisions arising from those meetings.

Example 8: A Board Member has an historical connection to the potential beneficiary of a decision, sufficient to require a conflict to be declared.

Mitigation 8: The Board Member does not attend meetings where the decision is under consideration and does not take a role in authorising the decision.
